HUZUR OFFICE, BALASINOR STATE.

Dated 1st September 1920.

135062

31/1/5

TO,

Babi Shri Jamietkhanji Manowerkhanji,

Nawab Saheb of Balasinor State.

NAMDAR HUZUR SHRI,

I have the honour to submit herewith the Annual Administration Report of this State for the year 1919-20, together with the usual Appendices.

Every department of the State has derived great benefit from the keen interest that you take in the Administration of the State, and the minute and careful supervision that you exercise in all matters.

I have the honour to be
Namdar Huzur Shri,
Your most obedient servant,
MAGANLAL H. BUCH,
Ag. Dewan, Balasinor State.

THE ADMINISTRATION REPORT

OF THE

BALASINOR STATE

For the year 1919-20.

31/1/5

CHAPTER I.

GENERAL AND POLITICAL.

Boundaries, area and population.

1. Balasinor State is a Second Class State in the Rewa-Kantha Agency. It is bounded on the North by the Lunawada State and Gabat Taluka, on the East by the Lunawada State and Janod Taluka, on the South by the Thasra Taluka of the Kaira District and on the west by the Kapadvanj and Sathamba Talukas.

The State has 104 villages under its full jurisdiction and the area thereof is 189 square miles. The State has got a Vaje share in the Rozwa village under Thasra Taluka, the revenue recovery in which is made through Thasra Mamlatdar, besides the State also recovers Rs. 4001 on account of Jamabandi and other Haks from the Kaira District.

The population of the State according to last census of 1911 A. D. is 40563.

Gross Revenue.

2. The gross revenue of the State according to the last five years average is Rs. 268843.

Tribute.

The State annually pays Rs. 9706 as tribute to the British Government and Rs. 3708 to the Baroda Darbar.

Particulars of the Ruling Chiefs.

4. The ruling family of Balasinor belongs to the renowned clan of the Babi Pathan and the succession to the Gadi is governed by the rule of primogeniture. The present ruler of the State is Babi Shri Jamiatkhanji Nawab Saheb of Balasinor a Sunni Mahomedan by caste, He is at present running 26th year of his age. He has received his education in the Raj-Kumar College at Rajkot. He also joined the Imperial Cadet Corps at Dehra-Dun to receive his Military training.

Domestic Events.

5. The Nawab Saheb has now one wife, Kerwada Wala Begum Saheb, who is the daughter of the Honourable, Thakore Saheb of Kerwrada, the Junagadhwala Begum Saheb having died in January last.

Powers of the State.

6. The State enjoys full powers of the Second Class State and the Chief enjoys a salute of 9 guns and has got a Sanad of adeption.

Visit of the Political Agent.

7. The Political Agent, Mr. H. B. Clayton, in his touring paid a visit to this State in the month of December 1919. He was given the customary welcome and received with due honours befitting his position. The Political Agent visited several institutions. His stay at Balasinor was cut short by his receiving sudden news of his appointment as Municipal Commissioner, of Bombay and consequently he left to join his new post immediately.

Distinguished visitors.

8. The Honourable Thakore Saheb of Kervada and K. S. Sherkhanji of Bantwa paid friendly visits during the year under report.

Nawab Saheb's Tour.

9. The Nawab Saheb went in his usual tour of inspection twice during the year. He also visited Khwaja Shariff's Darga at Ajmere, with the Zanana to perform his vows to the holy Shrine. From Ajmere he went to Junagadh and after a short stay at the latter place he returned to his Capital.

10. The birth day of the Nawab Saheb fell on 31st January 1920 and was celebrated at Virpur. Usual Darbar was held in honour of the occasion which was attended by State officers and leading citizens.

Important Events.

11. the important and interesting event during the year under review. was the peace celebration observed in the month of December last. The great World War was over. His Majesty the King Emperor with a view to commemorate the event

desired that the peace celebration day should be observed as the day for thanksgiving to God for having given complete victory to the armies of the entente Powers and thereby having secured peace to the World. The sentiments, which inspired His Majesty, were common to the hearts of all people of the World, thankfulness to the Almighty God for delivering the World from the terror of Prussianism, which threatened the liberty and humanity; Pride in the valour and constancy displayed by the people of every race and creed who owe allegiance to our King Emperor and above all gratitude to the many thousands of gallant men who offered their lives on the altar of duty, to win for the World the victorious peace. The Nawab Saheb with a view to perpetuate the memory of the happy event and to keep it always fresh and green in the hearts of the public of the place, happily conceived on this occasion, the idea of making the *primary Education* free in this State which conferred a great benefit on the public. The Programme for the peace celebration was drawn up under the personal care and attention of the Nawab Saheb. The feeding of the poor and distribution of sweets to the children were a notable feature of the programme. Prayers were offered in the temples and mosques. The State police paraded and a royal salute of 101 guns was fired. Prisoners were given sweet food continuously for two days. A very largely attended public meeting was held when speeches on loyalty to the British Raj were made. At night, State and private buildings were illuminated. In fact the whole town was en-fete on the occasion.

The premature death of the senior Begum Saheb, the daughter of Shahzada Saheb Sherjumakhanji, the late heir-apparent of Junagadh, brought a deep shadow of grief on the Darbar family. The unhappy event took place on the 31st January last. The sad news reached Balasinor on the 1st February when as a mark of respect for the demise of Begum Saheb all Schools and Offices were closed and Hadtal was observed in the Bazar and a State of mourning was observed till the Chalisa ceremony day.

The year on the whole was the nature's expression against the good of the State. There was a heavy flood in the rivers surroundiag Virpur in the month of August. The greater part of the town was submurged in water. Happily no human life was lost except some loss of live stock. The total damage due to this unexpected flood was estimated at about 2 lacs of rupees. No sooner this news reached the Nawab Saheb, the revenue officer was at once deputed to the spot to give every possible

relief to the distressed. Every possible step was taken to give a helping hand to the panic stricken. The Nawab Saheb himself also went on the spot. His presence on the spot, afforded no less assuation to the people. A relief committee was appointed headed by the Dewan to collect funds for the purpose. The Nawab Saheb besides allowing free use of his Virpur forest, contributed a handsome sum to the funds. The assistance thus given with a liberal hand went a long way to alleviate the difficulties.

Owing to the inflation in prices of food stuffs, grain compensation has been allowed to all servants of the ministerial and other subordinate class but the increase thus given is not sufficient to quiet the demand for enhancement of pay and so a proposal for the revision of the pay scheme in varions Departments has been submitted to the Nawab Saheb and it is hoped that the question will shortly receive due consideration.

Change in the personnel of the State.

12. Dewan Vajubha resigned his post in January last on account of his ill health and the post is vacant pending selection of a competent hand to replace him Another change took place in the medical Department. The State medical officer Mr. Keshavram J. Ingreji tendered his resignation on account of his old age and Mr. Dinsukhrai Govindrai Vasavda L. C. P. & S. was appointed in his stead from 25-7-1919.

Uptill now the revenue Department was under the direct control of the Dewan. Last year however with a view to ensure better efficiency in the work, this department was separated from the Diwan Office by way of experiment and Mr. Deviprasad D. Desai, B. A. L. L. B. was appointed Revenue Officer. But the experiment being found of no material benefit to the State, this Office was abolished and the revenue Department was again amalgamated with the Diwan office from the 1st of February last and the services of Mr. Deviprasad were dispensed with from that date. Private Secretary Mr. S. R. Master also resigned during the year under report. The Balasinor Fouzdar Mr. Dadumia Subamia having been found to be misbehaving, was dismissed and Virpur Fouzdar Mr. Umraomiyan Jumamiyan was appointed in his stead, the vacancy of Virpur thus created was filled up by making new apppointment of Mr Mahamadmiyan Bapumiyan.

CHAPTER II.

ADMINISTRATION OF LAND.

Territorial Divisions of the State.

13. For the purpose of Revenue administration, the State is divided into two Distinct Mahals, the number of which is the same as last year. The Revenue officer supervised over these Mahals till the period that office remained in existence. Since the abolition of this office the Huzur Office exercises general Supervision.

System of land afsessment.

14. There is no material change in the system of revenue collection. The land revenue is levied under the following system.

(1) Bighoti. (2) Halvero. (3) Kaltar.

The last two forms have been abolished after the revenue Survey came into operation.

Survey Settlement.

15. The revision Survey Settlement which was commenced in 1914, is, excepting in a few Ankadia villages complete. The average incidence of land rent in the State comes to Rs. 1-13-8 per acre which clearly manifests that the tax does not press heavily on Ryots. The process of recovery is mild and humane so much so that no coercive measure, is to be resorted to in the recovery of revenue dues. The remaining survey work in the Ankadis villages would have been finished during the year but for the fact that the alienation enquiry officer took the work of this State in hand which necessitated the presence of the Survey Kamdar in the rajuat before that officer and hence the work remains unfinished.

Monsoon.

16. The monsoon of the year under review was good. The rain was plentiful. The heavy downpour in the month of August did some damage to the Kharif Crops, but on the whole the year was good. The rain being properly distributed throughout the State the outturn of both Kharif and Rabi crops was good, being estimated at 12 to 14 annas in a rupee respectively. No Taccavi had to be advanced.

17. The figures of demand collections and outstandiugs given in para 19 below, reflect the monsoon of 1918 and its effects are visible naturally in the balance sheet so that the expenditure side has exceeded the revenue of the year.

Cultivation.

18. The subjoined statement gives the total of arable land as well as of the padtar. The land revenue system and collection work are being watched and necessary reforms introduced.

Year.	Total Arable Land.	Land under Cultivation.	Land remaining Padtar.
1918-1919	63146	42629	20517
1919-1920	61181	41106	20075

Land, revenue demand collections, remissions.

19. The following table gives the particulars of the land revenue demand collections, remissions during the year as compared with those of the peeceding year.

Year.	Demand.	Collection.	Remission.	Outstanding at the close of the year.
1918-1919	130590	120875	...	9715
1919-1920	121664	89775	15	31874

Boundary dispute.

There was no boundary dispute between this State and other States.

20 The following table gives the particulars regarding the number of occupancies and the number of occupants on whom notices were issued during the year as compared with those of the previous year

Year.	Number of occupancies.	Number of occupants on whom notices were issued	No. of occupants whose property was attached
1918-1919	11892	38	...
1919-1920	11923	9	...

No coercive measures were adopted to effect recoveries of the land Revenue.

CHAPTER III.

PROTECTION.

Law & Legislation.

21. The administration of civil and criminal justice in the State is generally carried on according to British Laws and regulations, There are also some special Local regulations of the State as shown in Appendix II. No new rules have been legislated during the year.

Military Force.

22. There is no Military Force in this State. The Nawab Saheb who has received military training at Dehra-Dun, is taking interest in the matter of training the Police Force of the State. There are ten old pieces of Artillery which are all serviceable, and two are used for firing salutes.

Police Force.

23. The regular Police Force consists of 2 Fouzdars 98 foot Police and 16 mounted Police as shown in Appendix IV; of the foot Police 60 men are armed as usual with muzzle loadiug rifles some of which bear the mark "V. R." Rifles and some "V. R." Tower.

The mounted Police is armed with Swords and carbines. The swords are of country make and the carbines of European manufacture bearing the mark "V. R," Tower.

Both the foot and mounted Police are drilled and often taken out for target practice.

The ratio of the Police Force to area is 1 man to 1·6 square miles and to population is 1 men to 350 souls. From Appendix IV it will appear that during the year 26 men were fined degraded and suspended and the pay scale of the police being revised the whole force received promotion proportionately to their respective grades. Nearly 37 percent of the force can read and write Gujarati.

Working of the Police.

24. The usual strength of the Police force maintained at the two Mahals, was the same as last year. Appendix V, VI, and VII will show the working of the Police as also its result. The total number of offences resported to the police during the year was 45 as against 50 of the last year and the number of accused arrested and sent for trial were 57 and 57 as against 43 and 41 of the last year respectively. of the 57 sent for trial as against 41 in the preceding year, 28 were convicted and 29 acquit-

ted and discharged. The percentage of conviction during the year was 49·7 as against 69·1 of the preceding year.

The total value of the property alleged to have been stolen during the year amounted to Rs. 3236 as compared with Rs. 4297 of the last year. The total value of property recovered was Rs. 450 as against Rs. 2390 of the preceding year. A comparison of the figures of recovery discloses a drop in the recovery percentage. The small percentage of property recovered would indicate the fact that professional thieves were responsible for the offences. These criminals are adept in the rapid disposal of their ill-gotton gains and as a general rule confine themselves to cash and other articles which can be rapidly disposed of thus rendering the chances of recovery of stolen property very small. During the year under report there was one case of robbery with murder in which the property taken away amounted to Rs. 266. The offence bas remained undetected. The result of the working of the Police in this regard is not satisfactory This emphasises the necessity of putting this important department on a well organized form.

25. The total number of crimes both cognizable and non-cognizable and the number of cases disposed of during the year, stands as in Appendix VII. The year started with an arrear of 14 cases cognizable and non-cognizable, adding to this 239 cases reported during the year the total number of cases for disposal during the year was 253 of which 246 cases were disposed of during the year leaving a balance of 7 cases for the next year. The total number of persons apprehended during the year was 558 (including 13 under-trial prisoners) of whom 64 were arrested by Police 107 upon warrants and 370 upon summons issued by the Magistrate whereas 4 valuntarily arrested. Thus the total number of persons brought to trial is 558 as above of these, 167 were convicted 92 were acquitted and 289 discharged, and 4 transferred, thus leaving 11 under trial at the close of the year under review.

During the year under report two cases of serious offences were reported one was of culpable homicide not amounting to murder whereas the other was of robbery with murder.

Village Police

26. There is no regular village Police in the tate. The Mukhis and matadars in the villages whose primary duties are connected with the revenue matters generally, give the Police information relating to offences and accidental deaths occurring

within the limits of their respective villages, the Mukhis and Patels are remunerated by rent free lands. But as most of them are illiterate they are not invested with the powers of the Police Patel. Proper care and caution is being taken to appoint trustworthy and literate men as Mukhis from the village inhabitants.

In cases of emergency the Dharalas who form the bulk of the population volunteer their services for the protection of their villages from the raids of dacoits and other criminal tribes. At times their assistance proves of great value to the Police in the detection of crimes.

Justice constitution & jurisdiction of Courts

27. The following are the constituted Courts for administering Civil and Criminal Justice in the State.

(1) The Huzur Court presided over by the Nawab Saheb is the final and highest Court of appeal in all civil and criminal work.

(2) The Dewan is invested with the powers of the District Judge in Civil cases and tries all suits over Rs. 1000. On the criminal side he exercises the powers of the Court of Sessions and also of the District Magistrate. The Dewan also hears appeals from the decision of the lower Courts.

(3) The Nyayadhish Court exercises the jurisdiction of the First Class Magistrate in criminal matters and tries suits upto the value of Rs. 1000 in its civil jurisdiction.

(4) The Mahalkari at Virpur is invested with the powers of a second Class Magistrate and has got jurisdiction to try suits upto the value of Rs 500 for moveable and immoveable property.

Criminal Appeals.

28. There were 5 criminal appeals during the year under report as shown in Appendix IX.

Civil Work.

29. The total number of suits filed during the vear was 436 against 351 last year. With the opening balance of 197 the total number for disposal was 633 of which 464 were disposed of. The aggregate value of the suits filed during the year under review amounted to Rs. 40962 whereas those disposed of amounted to Rs. 37360. The average duration of the suits was 10 months and 17 days Details are given in Appendix X.

30. Appendix XI would show that there were 590 applications for the execution of decrees aggregating to Rs. 1,4946 including 365 of the preceding year (Rs. 29347) the total number of applications amounted to 955 of the aggregate value of Rs. 44293. Of these (955) 357 (value of Rs. 14558) were disposed of.

Applications for execution of decrees.

31. The Dewan as District Judge exercises appelate powers. 14 appeals were filed during the year. Adding to these 10 appeals of the preceding year, the total number for disposal was 24 out of which 5 were disposed of leaving a balance of 19 at the close of the year.

Civil Appeals.

In the Huzur Court 5 appeals were filed during the year adding to which 2 of the preceding year, the total number was 7. Appendix XII gives the details.

32. During the year there were demands made for extradition from Mahi-Kantha, Lunawada and British Districts. The total number of accused surrendered to the State for trial was 8, all of whom were convicted; while 7 persons were surrendered by the State for trial to foreign States, one of whom was acquitted and the rest were convicted.

Extradition.

33. There is only one jail at Balasinor. A part of it is used as lockup for under trial prisoners. There is also a subsidiary Jail at Virpur, where under trial prisoners are kept. The Jail at Balasinor has accomodation for 40 prisoners, the Jailor and Jail Guards. There were in all 266 prisoners confined in the Jail during the year, as against 152 prisoners last year. The daily average of number was 11·37 as against 11·74 last year. The average cost of each prisoner amounted to Rs. 0-5-2 Appendix XIII gives the details.

There was a small factory at Balasinor Jail but on account of the rise in the prices, it is stopped for the present.

34. Appendix XIV and XV give particulars as to the registration of documents and the receipts and expenditure under that head. During the year under report 161 documents were presented for registration against 112 in the preceding year, of which 150 documents of the value of Rs. 65979 were registered as against 112 of the value of Rs. 47659 in the preceding year. The amount

Registration.

of registration fees recovered during the year was Rs. 805 as against Rs 659 during the last year.

Municipal administsation.

35. There are two Municipalities in the State. One for Balasinor town and the other for Virpur. The administration is carried on at the expense of the State, under the direct supervision of the Municipal Vice precident and Mahalkari respectively, subject to the general control of the Dewan. The Nawab Saheb desires to establish Municipal Constitution at both the places on the basis of District board Municipalities in the British territory and the Dewan is instructed to collect materials to frame out rules suiting to the condition of the State.

The cost of carrying on the Municipal affairs e. g, conservancy, lighting, watering, in both the towns duriug the year amounted to Rs. 4784-0-0 as against Rs 4503-6-9 in the preceding year as will be seen from the Appendix XII.

CHAPTER IV.

PRODUCTION AND DISTRIBUTION.

36. The season of 1919 was good, it will be seen that the total fall in the month of June amounted to 5·75 in Balasinor. and 3·50 in Virpur. In July it mea sured 6·40 in Balasinor and 7·18 in Virpur. The Khariff sowing having been commenced in June after the first instalment, the second instalment was sufficient to nourish the growing crops. Then in August it rained 21·41 in Balasinor and 34·61 in Virpur.

The heavy downpour in the Virpur Division brought the flood calamity at Virpur. which did much damage. Thus though the rainfall as a whole was plentiful but the third instalment being heavy it brought a drop in the outturn of the Khariff and Rabby crops by 4 annas in a rupee, but for which the outturn would have been cent percent or even more There was abundent water in wells and tanks. The people on this side are unaccustomed to the process of storage of fodder with the result that the shortage was felt in the rice growing district, but on the whole the season was good.

37. The bulk of population is dependant on agriculture and so the people are averse to do work of a paid labourer. Besides their mode of life is very simple and their wants are few.

Wages and Labour.

The demand for skilled labour in the two towns is fairly good, and the rate of wages both on account of high prices of food stuffs and heavy demand from all sides, stood at Rs. 1 to 1-8 per diem. The demand for unskilled labour was equally great and the rate of wages varied from Rs. 0-10-0 to one rupee per day.

38. It will be seen from Appendix XVIII, that inspite of good season the prices of food grains practically remained high as last year with slight reduction. But they are still at a level which presses hardly on all with fixed incomes. Wages on the other hand are rising and this is indeed the labourer's day.

Prices of food grains.

39. The forest is a valuable asset of the State. It has fallen off immensely on account of indiscriminate exploitation in the past. The total forest revenue during the year under report amounted to Rs. 8310 as against Rs. 6451 last year and the total expenditure to Rs. 1381 as against Rs. 1311 in the preceeding year.

Foreet.

40. Formerly there were soap factories in the town of Balasinor, but as it could not stand competition with the bar soap, this industry has practically died out. and now-a-days there is no indigenous industry flourishing. A particular kind of morum is obtainable in fairly good quantity in places round about Balasinor from which cement could be made. But the portion of the territory where this sort of morum is found, being situated far away in the interior part of the country, the absence of accommodation for transport carriage and other things connected therewith serves as a great drawback in floating an industry of this kind

Trade & Manufactures.

41. The internal trade of the country was slack owing to the unsteady market during the year under report. However free circulation of money at a moderate rate of interest continued as before.

Trade.

42. The chief items of imports are cloth, grain sugar, molasses, &c. While those of exports are grain, ghee oilseeds, tobacco, cotton, hides, wool etc. The quantity and value of the articles imported and exported during the year and the previous year are shown in the following tables.

Imports and Exports.

A. IMPORTS.

Name of Articles	1918–1919		1919–1920	
	Quantity	Value	Quantiy	Value
	Mds.	Rs.	Mds.	Rs.
Cloth	9085	13052	7209	720900
Grain	67602	252109	105790	317370
Sugar & Molasses	20054	116309	8638	86380
Kerosine oil	1545	7987	2428	9712
Salt	21948	22308	9944	9944
Groceries	29116	187680	6408	64080
Miscellaneous	1636	12033	3918	19590
Total...	150986	611478	144335	1227976

B. EXPORTS.

Names of Articles	1918–1919		1919–1920	
	Quantity	Value	Quantity	Value
	Mds.	Rs.	Mds.	Rs.
Grain	14910	67335	28384	85152
Ghee	500	15000	225	11250
Oilseeds	1456	5096	1220	19520
Cotton	68675	636451	52108	269973
Tobacco	513	2565	166	1328
Sheep wool	502	7493	135	2025
Hides	1865	11341	3132	18792
Soap	270	1490	...	...
Miscellaneous.	2861	6555	5347	21735
Total...	91552	753326	90717	429775

43. The contract for the levy of customs on imports and exports was sold by auction for Rs. 24585 as against Rs. 13572 during the previous year.

Sayar and Customs.

44. The most important fair in the State is that of Daryai Saheb's held at Virpur. The fair was held this year from February 1st to 10th of that month, and was largely attended.

Fairs.

The celebrated Mahomedan Saint Kazi Mahmad Dariyai Saheb in whose honour this fair is held, flourished about 400 years ago. The memory of the Saint is not only revered by the Mahomedans and Hindus alike of the State but by the Mahomedans of Gujrat, Kathiawar and Bombay; visitors from all sides flock in large number every year. The history of the Saint is indeed interesting and full of miraculous incidents. The fair lasts for 10 days. The spontaneous unlocking of the padlock on the chained doors of the Saint's Shrine, and the fluttering of the flowers deposited on the Saint's tomb on the night of his anniversary are regarded by the people as living example of the Saint's spiritual greatness.

45. There are two post-offices in the State one at Balasinor and the other at Virpur. There is also a telegraph Office combined with the Post Office at Balasinor. The working of both the Offices is satisfactory and they are largely availed of by the public.

Post Office.

46. Appendix XIX shows the total outlay of expenditure made on public works. It amounted to Rs. 10292 as against Rs. 10864 in the preceding year.

Public Wosks.

Mint. 47. There is no mint in the State.

48. The majority of the people belongs to agricultural class. The economic condition of this class is fair. If this class were to try to be thrifty and to improve the breed of cattle and make suitable development in the cultivation, there is a wide scope for progress. The present high prices of cereals and cotton bring them more than ordinary profit but then this advantage is, so to say, counter-balanced by the high cost of living. The merchant class is also equally backward. Their sole business is money dealings with the rural class. Now a days some people are going up-country and do some busidess in big cities like Bombay and Calcutta.

General condition of the State and the people.

From the sanitary point of view the year was good in all respects. There was no epidemic in the State throughout the year and the general health of the people continued good.

Railway.

49. There is no railway running in the State. The absence of such an important means of communication proves to be a stumbling block, in the development of the resources of the State. As stated elsewhere in this report, a particular kind of morrum, from which cement can be made, is found in good quantity round about Balasinor. Manganese, and mica ores are also found there. There are stone quarries besides. All these latent sources of revenue remain unexploited owing to the want of facilities for easy communication and carriage. Even looking from the point of view of personal comfort, the lack of railway communications is no less keenly felt for, Balasinor is situated at a distance of some ten miles and over from the nearest Railway station Sevalia, on the Anand Godhra line. Though a tonga service is plying between Balasinor and Sevalia but in the monsoon season the condition of the travellers becomes rather pitiable than comic, as they are some times drenched to the skin when they reach Balasinor. The important towns of the State, like Balasinor and Virpur, owing to their geographical position, are fag-ends of the country where Railway communication is badly needed. A priliminary survey has taken place long since, but the Government has not yet given sanction to this important work. It is hoped that it will receive due consideration in course of time.

Abkari.

50. The Abkari farm has been let for a period of one year for Rs. 9000. Liquors of two strengths are supplied by the manufacturers (Messrs, Dalals, Vakil, Kothawala & Co. Godhra) viz. 30 u. p. and 60, U. P. They are stored up in the warehouse at Balasinor in charge of the Excise Sub-Inspector.

There are 17 shops in all, the rate of duty for Balasinor and the three villages of Dakharia, Gajapagina Muvada and Hothwad, is Rs. 1-14-0 for u. p. 30 and 0-12-0 for 60 u. p. whereas for other 13 shops the rate is, Rs. 2-7-0 for 30 u. p. and Rs. 0-14-0 for 60 u. p. per gallon. The selling prices in the first four places are Rs. 3-11-6 and 1-15-6 for for two kinds of liquor and Rs. 4-4-6 and 2-1-4 for other 13 shops respectively.

The total consumption of liquor as compared with last year was as under:—

Gallons.	1918-1919	1919-1920.
30 U. P.	1315	660
60 U. P.	11175	8120

The State received as usual from the British Government an annual Abkari compensation of Rs. 660 for closing of its two liquor shops viz. Bhatvasna and Khadol.

Opium.

51. The retail sale of opium is carried on by Contract. The total sale of opium during the year was 662·20 seers against 413·19 seers last year.

Intoxicating Drugs.

52. The Bhang and Ganja are also sold by Ijardars, the total sale of these drugs during the year was as under:—

Year.	Kind of Drugs.				
	Bhang		Ganja.		
	S.	T.	S.	T.	
1918-1919	16	50	60	61	
1919-1920	19	7	68	76	

Excise Revenue.

53. The total excise revenue during the year under report was Rs. 32777 as against Rs. 29518 last year.

Abkari & opium cases

There was one case under Abkari Act during the year while last year there were three cases.

Toddy.

55. There are no toddy trees in this State.

Immigration & Emigration.

56. There has been no immigration or emigration worth noticing.

CHAPTER V.

REVENUE AND FINANCE.

Income & Expenditure

57. Appendix XXII shows the income and expenditure of the State during the year Samvat 1975. The year opened with a balance of Rs. 12638 as against Rs. 11579 on the same date last year. The total gross revenue of the year amounted to Rs. 292752 against Rs. 225338 in the previous year. The total expenditure during the year was Rs. 401296 against Rs. 224280. In order to make both ends meet, Government promisary notes of the face value of

Rs. 99,200 were sold off. Thus the transactions during the year amounted to Rs. 404590 on both the sides of the accounts. In connection with the revenue of the State it may be noted that land revenue has increased during the last few years partly owing to revision settlements and partly owing to large areas of waste land being brought under cultivation and it will still increase by a few thousands when the work of the alienation enquiry which is going on, is completed. The Abkari, Sayar and opium revenue has increased during the year but it is not a reliable source of revenue. Attention is needed to complete the irrigation works already in existence to cure their defects and to equip them with all essential accessories so as to render them permanent sources of revenue to the State and reliable means of support in the times of dire droughts.

With regard to expenditure, it may be noted that excepting a little increase in the various heads, which is due to the grain compensation allowance granted to ministerial class and menials working in all departments, the major portion of increase is on account of Taccavi advances, payment of old debt and such other unforseen expenses.

Outstanding balance.

58. The chief items of outstanding balance at the end of the year ending 31st October 1919 was as follows :—

No.	Item	Amount	Remarks.
1	Land Revenue	31874	
2	Forest	4782	A part recovery has since been made.
3	Excise	3641	
4	Law & Justice	80	
5	Miscellaneous	292	
6	Extraordinary miscellaneous	2510	
7	Sayar & custom	7220	
8	Local Fund	9750	
		60149	

The treasury officer is also in charge of the stamp branch. The revenue from the sale of stamps was Rs. 7302 as against Rs. 4241 in the preceding year.

CHAPTER VI.

VITAL STATISTICS.

Medical Relief.

59. Medical Relief is granted free to the people. The State has two dispensaries one at Balasinor and the other at Virpur. The total number of patients treated at both the dispensaries was 17939 as against 20065 last year; of these, 17930 were out-door patients and 9 were in-door patients. The daily average was 115·66 as against 127·5 in the year preceding. The upkeep cost of these dispensaries was Rs. 3032 as against Rs. 3469 during the previous year.

Native Physicians and Hakims are also practising in the towns administering native medicines to the people. These dispensaries are taken advantage of also by many patients from the surrounding villages of the Thasra, and Godhra Talukas and the Lunawada State.

Sanitation and public health.

60. Sanitation of towns and villages was satisfactory, and the public health good throughout the year. There was no epidemic of any kind. Wells in towns are cleaned periodically.

Vaccination.

61. 1615 Primary and 40 revaccinations were performed during the year at the cost of Rs. 386 as against 1655 at the cost of Rs. 414 in the preceding year. The vaccinator is paid by the State and is working under the direct control of the Deputy Sanitary Commissioner, Gujrat. The vaccine lymph is being received from Belgaum and this ensured the safety of the people from infection.

Vital statistics.

62. Appendix XXIV would show that the total number of births and deaths registered during the year under report was 724 and 689 as against 1161 and 1618 of the last year respectively. The ratio being 17–8 and 16–9 as against 29 and 39–75 respectively per 1000 of population of last year.

The births sand deaths registers are kept by the village Mukhis and Talaties. The registers are generally checked by the District Officers to ensure correct registration.

Accidental deaths.

63. There were 19 cases of accidental deaths reported during the year, against 24 last year viz. 2 from suicide, 1 from snake bite, 12 from drowning, 1 fall from a tree, and 3 from miscellaneous accidents.

CHAPTER VII.

EDUCATION.

Schools & Pupils.

64. The number of Schools during the year under report was 15 as last year. Of these 2 are Anglo-Vernacular Schools, 10 Vernacular Schools and 3 Urdu Schools. The total number of boys attending these schools was 1038 as against 1037 of the preceding year and that of the girls is 189 as against 165 last year. Thus the total number of pupils receiving Education at these institutions are 1227 during the year as against 1202 last year. The daily average attendance was 965·5 as against 827·2 in the preceding year.

65. These schools are maintained at the State expense but are under the direct supervision of Government Educational Department. The schools were inspected during the year by the assistant Educational Inspector, Panch Mahals and Rewa Kantha. The percentage of result was that 67·7 p. c. of boys and 54·5 p. c. of girls got through all the subjects.

Expenditure.

66. The total actual expenditure under this head amounted to Rs. 9041 as against Rs. 9614 last year.

Scholarships, prizes and grants in aid &c.

67. During the year under report, sweets were distributed twice by the State on the occasion of armistice and peace celebration. Private gentlemen also distributed sweets during the year. Scholarships are annually paid to students to enable them to prosecute their studies in schools and colleges outside the State.

The State also contributes annually Rs. 25 and Rs. 20 to the indigenous Gujarati School and M. E. Chamar Mission School respectively as grant in aid.

CHAPTER VIII.

MISCELLANEOUS.

General Census.

68. There was no Census taken after the general census of March 1911.

Printing Press.

69. There is no printing press in the State nor any newspaper published.

70. There is one Library in the town of Balasinor. It is a registered institution. It is maintained entirely at the State expense. A few English and vernacular papers and journals are ordered out for the use of the public. There is also a private library maintained by the gentry of the Balasinor town.

Libraries and Reading Rooms.

71. The charities maintained in the State were continued throughout the year.

Charities.

72. The Nawab Saheb continues his personal care and attention in every detail of the administration and all the departments are in duty bound to thank him for the encouraging support which has led to the successful working of the managing machinary.

Concluding remarks.

MAGANLAL H. BUCH,
Ag. Dewan, Balasinor State.

APPENDIX I.
